# Previous X-Factor contestant in new bid for stardom!

On 11.05.09, In Music & Concerts, By admin

Van the Man did it, the Buble followed suit and now it's been injected with the feminine touch, as 'MoonDance' gets a re-vamp from un-signed singer **Charlese Allen**, currently looking for your support as part of the UK's *OpenMic* talent competition.

The track is one of 7 currently available to download from her site [www.charlese.co.uk](http://www.charlese.co.uk) and already has 130,000 hits on her YouTube channel 'charleseallen'.

Charlese is no stranger to fame having been one of the lucky few to be shortlisted in the final 27 at *X-Factor's* bootcamp in 2004, where she was placed in the under-25's with Tabby, remember him – the Irish two-tone haired rocker? and mentored by judge Sharon Osbourne.

Well fame is still calling to Charlese and I'm backing her all the way to win the ultimate prize of a recording contract.

You all know I've got creds! so give Charlese the support she deserves and have a listen to *MoonDance* below, check out her website and follow her at *Twitter/Charlese\_Allen*, so she can generate as much media interest as possible in the run up to the *OpenMic* competition on Dec 6!
